Notes to Condensed Interim Financial Statements (unaudited)

For the three and six months ended June 30, 2022 and 2021 (All tabular amounts are in CAD thousands except per share amounts)

1. Reporting entity

Karnalyte Resources Inc. (the "Company" or "Karnalyte") is incorporated under the laws of the province of Alberta. As at the date of the financial statements, the business of Karnalyte consisted of the exploration and development of its property and possible construction of a production facility and development of a potash mine. The property is situated in Saskatchewan, south of Wynyard and contains a dominant zone of potash and magnesium minerals.

The Company's address is PO Box 22055 RPO Wildwood, Saskatoon, SK S7H 5P1.

2. Basis of presentation

These financial statements are prepared on the assumption that the Company will continue as a going concern. Management is aware, in making its going concern assessment, of material uncertainties related to events and conditions that may cast significant doubt upon the Company's ability to continue as a going concern and therefore it may be unable to realize its assets and discharge its liabilities in the normal course of business.

The Company is in its pre-development phase and therefore there is material uncertainty that the Company will be able to raise additional funds to move forward to the production stage. As at June 30, 2022, the Company had working capital (current assets less current liabilities) of \$599,000. In addition to ongoing operating expenses, the Company is committed to expenditures in 2022 and subsequent years on its regulatory spending requirements and mineral properties to keep the Company in good standing (note 9). The Company also expects to provide funding to settle the decommissioning liability (note 6).

On June 22, 2022, the Company announced the launch of a rights offering (the "Rights Offering"). This Rights Offering was completed on August 3, 2022 which resulted in an equity raise of \$3,862,000 (note 11). The Company has sufficient cash to meet its short-term corporate operating and capital requirements but does not currently have adequate funds to proceed with full-scale development of the solution mining facility. The ability of the Company to continue as a going concern is dependent upon obtaining further equity issuances or other forms of financings. There is no assurance that the Company will be successful in obtaining required funding at an acceptable cost as and when needed or at all. Failure to obtain additional funding on a timely basis may cause the Company to postpone development plans, forfeit rights in its properties or reduce or terminate its operations.

These financial statements do not include any adjustments to carrying values of asset amounts and liabilities or reported expenses that may be necessary if the going concern assumption were not appropriate.

These statements do not include all information or disclosures normally provided in annual statements.
